# NEW IICL (INSTITUTE OF INTERNATIONAL CONTAINER LESSORS): WHAT TO EXPECT

New IICL (Institute of International Container Lessors) shipping containers offer top-tier quality, designed to meet strict standards for durability and performance. These containers are built to last, featuring sturdy construction and pristine condition. When you purchase a new IICL container, you can expect minimal signs of wear, as these containers are typically used for only one or two trips before being sold. Here's what you can expect from a new IICL shipping container:

## WHEN YOU RECEIVE A NEW IICL (INSTITUTE OF INTERNATIONAL CONTAINER LESSORS), EXPECT NOTICEABLE WEAR AND SOME REPAIRS, INCLUDING:

- **Excellent Exterior Condition:** New IICL containers boast fresh paint with little to no scratches or dents. Any cosmetic imperfections are typically minor and rare, thanks to the container's limited usage history.
- **Watertight and Structurally Sound:** IICL containers are thoroughly inspected to ensure they are leak-proof and meet high standards for structural integrity. These containers are ideal for keeping your belongings secure and protected from the elements.
- **Smooth-Operating Doors:** The doors of new IICL containers operate smoothly and require minimal maintenance. You won't have to worry about rust or squeaking—these containers are built with ease of use in mind.
- **High-Quality Flooring:** Expect solid, clean floors with no signs of delamination or excessive wear. The floors of new IICL containers are in top condition, providing a stable surface for storage or transport.
- **No Welding or Repairs:** Because they are essentially new, IICL containers won't have any welding repairs or patches. They are as close to factory condition as possible, ensuring optimal performance and longevity.
- **Superior Aesthetic and Functionality:** New IICL containers are not only functional but also aesthetically pleasing. Whether you're using them for storage, shipping, or repurposing, these containers provide both a clean, professional look and durable performance.
- **Reliable Weather Protection:** With no roof imperfections or interior scratches, these containers offer the highest level of protection against the elements. The containers are built to last and will keep your items safe from wind, rain, and other harsh conditions.
